-----------	----------------	--

OBJECTIVE

A result oriented and self-driven person with good communication skills and a keen interest in programming. Effective at working independently and as a contributing member of a cross-functional team.

EDUCATION

Bachelor of sciences (Mathematical Sciences)
Delhi University, New Delhi.

May 2014 – July 2017

The program is designed for those seeking the high level of mathematical and statistical training required in today's high technology workplaces as the degree content has been designed to meet this need, providing a fixed pathway through the study of the mathematical sciences.

Python Bootcamp
Udemy

July 2022- Sept 2022

I have basic to intermediate knowledge of python and Django. I am familiar with defining functions, have an understanding of list, dictionary, tuples as well as numeric types and capable of writing multiple programs. I have created TO-DO list and Blog app up till now using Django framework. I am proficient with VsCode and Pycharm.
